

Vehicle Pass

Please complete the information below as soon as possible and display on the dashboard.

Name of vehicle owner

Name of Group attending Spree SW

OR

Name of Company working at Spree SW

Your contact Mobile Number

Please use your hazard flashers at all times and do not exceed 10 mph

If you are dropping off passengers for Spree:

- Car Park Marshalls will meet you on arrival inside the entrance to Shobrooke Park.
- Please let them know the name of the Group you are with and they will then check where the Group is camping and show you where to go.
- **If you only have passengers and hand luggage** you will be directed to one of the main car parks to unload. It is a short walk from there to your camping area.
- **If you have heavy equipment to unload** you will be directed to one of the unloading areas to unload the equipment. Please return your vehicle to one of the main car parks **within 10 minutes** to avoid holding others up.
- Please ensure the Main Leader from your group goes to the Info Point as soon as possible after arrival to book your group in and collect your group's pack of information. Your group will NOT be booked in until this is done!

Please be aware that if there is heavy rain on arrival day or in the days preceding Spree, then car parking arrangements may have to be altered because of the condition of the site and there may be delays whilst others unload in front of you. Please be patient!
